

# Utility Bill Assessment Program

Welcome Parishes!

## What You Need to Know

- Your local utility has a variety of rate plans available and those rates change on a regular basis.
- Your local utility is not responsible for making sure you are served under the most favorable rate.
- Reliable Energy will evaluate your current rate and compare it to other rate options available through your local utility.
- Reliable Energy will provide this service to you at NO COST and with NO OBLIGATION on your part.

## What We Will Do For You

Reliable Energy will analyze your natural gas invoices and report our findings back to you. We don't charge you for this service, we won't ask you to sign any contracts, and we keep your data strictly confidential.

"The Diocese of Kalamazoo encourages all parishes to take advantage of this program."

**-Diocese Leadership**

## What's the Catch?

Simply stated, there isn't one. If we identify a savings opportunity for you, we hope you'll see the value in working with us to secure those savings.

## What You Need to Do

Getting started is simple. Just send copies of your recent natural gas utility invoices to Reliable Energy. These can be uploaded to our website, emailed or faxed.

When it comes to identifying and securing your best utility rate, **Reliable Energy Has You Covered.**
